

Statement

For immediate release

20th July 2010

David Russ, Managing Director of the South Wales Chamber of Commerce, said:
“From a business perspective we hope Newport City Council and the Celtic Manor can come to an agreement about the farmhouse to ensure a smoother lead up to the Ryder Cup. As we have said previously it would be a shame for someone of Terry Matthews’s stature to pull out of his investment in Newport. The Ryder Cup is a huge milestone for Wales and in particular Newport – hopefully an agreement with the farmhouse can be reached to ease some of the tension.”
